About Me

'I believe that we all have magic inside of us. For me, it's a creative calling, the kind that brings out the sparkle for other people. Mine comes in the form of illustrating fashionable characters that add sparkle to your book or biz.'

Hi, I'm Nicole, an artist/ illustrator with a passion for fashion illustration.

While we often see models as modern day goddesses, living beings of peace, otherworldly beauty, diversity, wisdom and confidence, I see them as characters worth being celebrated - for their quirkiness, and uniqueness.

Fashion is not about saying you should be perfect... but quite opposite. It's about being perfect - just as you are. It gives you the permission to feel empowered, by celebrating what is unique about YOU.

Enjoy my imagery and get in touch, I can't wait to work to bring your biz or book to life!

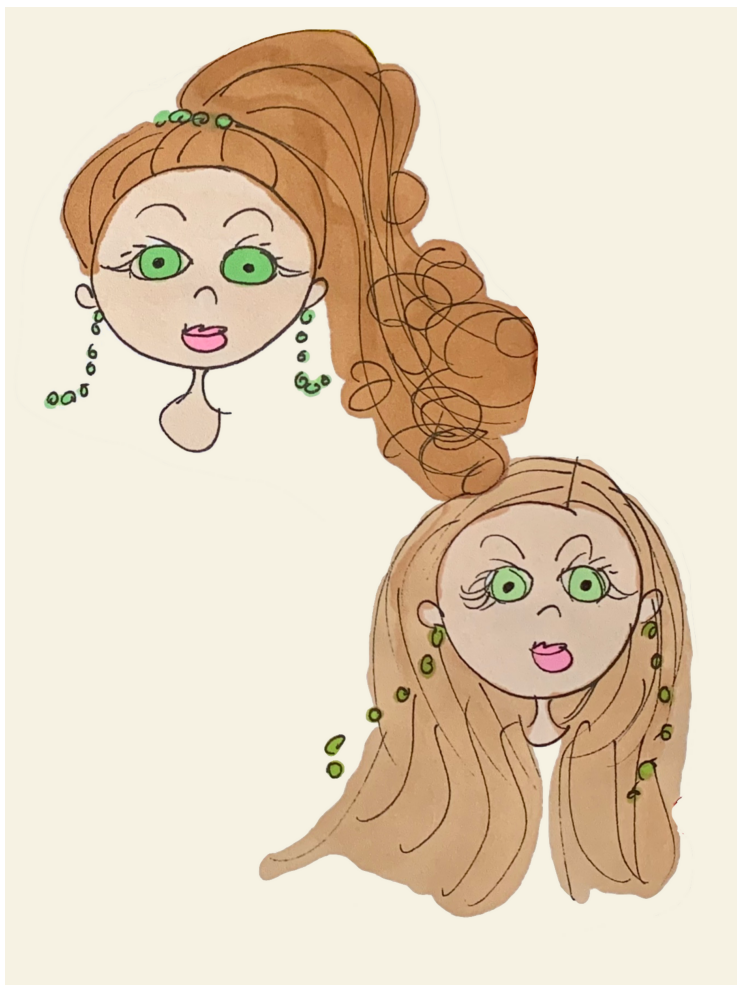

Sincerely,

Nicole xxx

How I Work

'My mission is to create art that reflects the beauty of a woman, in all her kaleidoscopic glory.'

WHY WE'D BE A GOOD FIT

If you are the business of empowering women, I'm your image maker! When I'm not creating art, I live and breathe an evolved life of purpose. I seek to empower women and girls to find their sparkle through my podcast, The Creative Goddess. I also act as a wellness advocate and facilitator. I understand your mission.

WHAT TO EXPECT WHEN WORKING WITH ME

Once we discuss your brief and understand your requirements, I will send you a quote for your project. Upon agreement, a 50% deposit is then required so I can book in your job.

Each project is quoted on a project basis, and includes time, research, telephone calls, rewrites and edits. Each project is bespoke and is unique to you. I like to keep things transparent and simple, for you, the client. Please see my pricelist for an indication of my cost breakdowns.

*Please note that by working with me, it is paramount that signing of a non-disclosure agreement is undertaken to protect your project, and to protect the copyright of your images for your particular project.

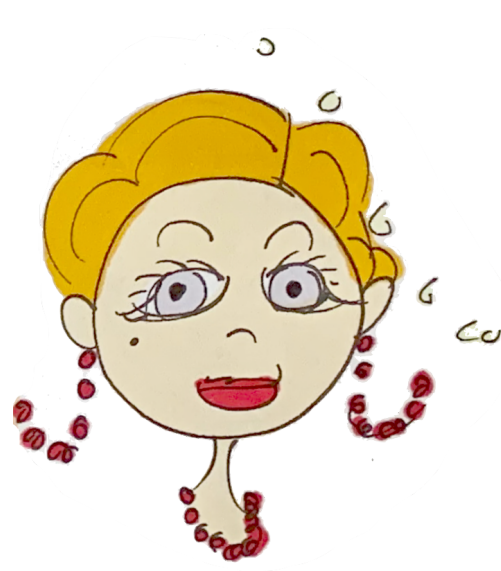

*Please also note that my illustration style is what you are hiring me for. Therefore, I have the right to continue drawing in my own particular style, long after your project is finished. Your specific illustrations for your project will not be duplicated, and as such, shall remain your property, and be given to you upon completion via USB in both PDF, PNG and JPEG formats.

'What a woman really
wants is to be the
shining goddess of her
own particular
universe.'
